

CALCULUS WORKSHOP SURVEY

Course: MATH 18__

Section W1__

Date_____

This survey is intended to give us a better understanding of how well the workshops are succeeding at helping you learn calculus. We will use this information to make them better.

1) The following questions involve estimates based on what you remember, but try to be as accurate as you can. The total of the percentages you selected does not need to add up to 100%.

If **A = 0%** **B = 5% to 10%** **C = 25%** **D = 50%** **E = 75%** **F = more than 75%**

With your group what percentage of time, on average, do **you** spend on the following

1. Listening to other members of your group talking about the problem your group is working on. A B C D E F
2. Talking to the other members of your group about the problem your group is working on. A B C D E F
3. Listening to other groups. A B C D E F
4. Listening to the TA explain answers. A B C D E F
5. Discussing or working on things unrelated to calculus problems. A B C D E F

2) Please rate the extent you agree or disagree with each of the following statements by marking the appropriate letter.

A = Strongly Agree **B = Agree** **C = Neutral** **D = Disagree** **E = Strongly Disagree**

1. The workshop problems are related to the material covered in class. A B C D E
2. The workshop problems provide useful practice for solving problems on tests. A B C D E
3. The workshops are a waste of time. A B C D E
4. My group functions well. A B C D E
5. I would like to move to another group. A B C D E

3) What is the one thing you find most valuable about the workshops?

4) What suggestions, if any, do you have for making the workshops more useful for your learning?
(If you have more than one suggestion, please, list them in order of importance)
