

The Society for Mathematical Biology Annual Meeting

July 27-30, 2009
University of British Columbia
Vancouver Campus

Plenary speakers

Ulf Dieckmann, International Institute for Applied Systems Analysis, Laxenburg, Austria,
Bill Fagan, University of Maryland,
Veronica Grieneisen, Utrecht University,
Anette Hosoi, Massachusetts Institute of Technology,
Franziska Michor, Memorial Sloan-Kettering Cancer Center,
Alex Mogilner, University of California, Davis,
George Oster, University of California, Berkeley (Art Winfree Prize winner),
Hans Othmer, University of Minnesota (Akira Okubo Prize winner).

Themes

Biomedical
and Clinical Modeling,
Cell Biology,
Developmental Biology,

Ecology and Evolution,
Epidemiology
and Infectious Disease,
Fluids in Biology,

Immunology,
Undergraduate Education,
Neuroscience,
Systems Biology.

Important dates

Minisymposium proposal - Jan. 31, 2009
Contributed talk submission - May 10, 2009

Early registration - June 26, 2009
Poster submission - June 26, 2009

Organizing Committee

D. Coombs (co-chair), E.N. Cytrynbaum (co-chair), L. Keshet, Y-X. Li, R. Tyson.
