

BLUE HAWAII

Ingredients:

- 1/4 ounce Galliano
- 1/2 ounce blue curacao
- 1 ounce gin
- lemonade

Instructions:

- (1) Fill a glass about 2/3 full of crushed ice (hurricane glasses are preferable, but I don't have those!). Pour the Galliano and gin in, then top up with lemonade (you may need to double the alcohols in the recipe if using larger glasses... the little ones pictured above worked well for the given measurements).
- (2) Give the drink a stir, then add the blue curacao on top (don't stir it in). Perfect for a hot summer day!
