For general information about the course, including schedule, marking scheme, syllabus, etc, please see the main course page, linked above. This page only contains material specific to sections 203 and 205.

#### All course content will be distributed via Canvas

The midterms exams will be on Feb 10 and March 23, in class. All exams will be closed book. No calculators or other aids will be allowed.

There will be a Piazza discussion group for each section, accessible through Canvas. I will be checking in periodically, and answering questions. Please login through your section's Piazza page.

Note however that WeBWork is only accessible through the \*common\* Math 221 (All sections) Canvas page.
